COMPANY CASE STUDY - PRIVATE TUTORING

Providing online EAL Tutors to students in Saudi Arabia.

Tutoring Support

m2r Education was approached by Ibn Khaldun International Schools, Riyadh, Saudi Arabia who needed online EAL support for their high-school students who were studying from home due to the COVID-19 pandemic .

Academic Solutions

m2r Education were successful in providing a cohort of EAL tutors who delivered tailored online lessons during the 2019-2020 academic year. All tutors were specifically chosen based upon a strict criterion to ensure educational excellence and safeguarding matters were met.

Expertise

The Director of Programmes said, 'During the Covid-19 pandemic our schools launched an extra English program to support our students, to enhance their skills and fill any gaps due to the transition from onsite to online learning. In response to our request, they started to supply highly qualified teachers who merged into our environment immediately and became members of our schools very quickly. Later during the program, m2r began playing another role, they were helping us regarding the teaching schedules, covering lessons and substituting teachers. It was really an amazing experience, we were all happy and satisfied with such a fantastic and outstanding commitment.'

To whom it may concern,

I have great pleasure in writing a reference of support and thank you for m2r Education.

I have had the pleasure of working with Munir and his team at m2r for a number of years now.

Munir and his team have an excellent understanding of my school and our limitations as a not for profit school in the Kingdom of Saudi Arabia and the challenges that brings us.

This year we face the major challenge when my Director of Finance & Resources and resources decided after 3 very successful years to return to the UK.

With the support of m2r and his wonderful team they have been extremely supportive in our process in finding our new Director of Finance and Resources. As always Munir and his team were on top form arranging applicants and keeping them on track during the interview process.

Through their hard work and support we have successfully filled a very difficult vacancy. I am extremely grateful to them for their support.

As I always, I would unreservedly recommend m2r Education as a reliable recruitment agency, and I am happy to speak to any directly if they wish further confirmation of my recommendation.

COMPANY CASE STUDY - DIGITAL ENGLISH COURSES

Delivering digital EAL learning during the COVID-19 pandemic.

Digital EAL Support

m2r Education were approached by New English School, Jordan who needed online EAL support for their YR10 students who were studying from home due to the COVID-19 pandemic .

Academic Solutions

m2r suggested their digital English solution and provided a free trial to the EAL Department so they could undertake the initial assessment and make recommendations. They also branded the app and a video explainer for students to support them as they got used to using the courses.

Expertise

The Head of Secondary said, 'This app goes to the very heart of supporting our students as confidence in English usage is vital to success for non-native English speakers in their English curriculum studies. I can't think of any initiative that is potentially more important to the success of our students and, as such, I will be forever grateful to m2r for introducing this to us.'

m2r Education were delighted to help as this project has the potential to have a huge impact on the English Language acquisition and use among students and staff in the school.

LETTER OF REFERENCE FOR M2R EDUCATION

Earlier in the year, M2R Education partnered with us to fill a critical role of Head of Operations at our flagship school in the Middle East.

Due to the challenges of covid, we had unfortunately experienced two failed rounds of recruitment prior to involving Munir and his team. We also engaged other agencies to support us with the recruitment, but quality and quantity of applicants was sadly lacking due to the global recruitment pressures.

Despite this, M2R were able to provide us with a number of strong and credible candidates for our appointment, several of which were clearly appointable for the role. We successfully filled the role with an exceptional M2R candidate who has been extremely successful to date.

Following offer to the candidate, M2R provided a fantastic level of aftercare and contact to the candidate, acting as additional support and allaying fears around covid visa and entry requirements, which could have easily led the candidate to drop out.

As a group, we always seek to recruit the most competent and skilled staff and M2R Education have demonstrated themselves to be one of the strongest agencies to provide suitable candidates. Their pricing and level of service for senior appointments are much more competitive and of much higher quality than similar agents within the market. A key strength and differentiator of M2R is their ability to speak with transparency and candour about the candidates they introduce, which critically support an efficient screening and shortlisting process, which some other agents do not.

I found them to be straightforward, reliable, dedicated and supportive, with ability to respond promptly to a recruitment challenge with credible candidates. I highly recommend M2R Education to other organisations seeking a recruitment partner, particularly across the middle east.

Yours faithfully,

Andy Edgar

COMPANY CASE STUDY - CLASSROOM TUTORING

Providing online teaching support to students in France.

Tutoring Support

m2r Education were contacted by Open Sky International, a network of bilingual English-French independent schools. They were due to launch a new YR10 Business Studies programme and needed a subject matter expert.

Academic Solutions

Due to the COVID-19 pandemic it was decided to provide online support and m2r Education were able to supply an highly qualified Business Studies Teacher with UK and international school experience.

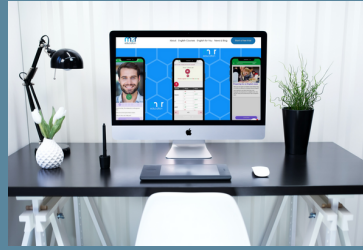

Expertise

Due to quality of the Tutor, all the YR10 students have flourished in their new subject choice. Lessons are delivered via Zoom and prepared and presented in a seamless manner. The m2r Education Tutor has also been involved in exam invigilation and has built a fantastic rapport with the students.

The Head of School commented, 'We have never used an online teaching model before and were unsure of how effective it would be. We are all delighted with the results and look forward to building this fantastic working relationship with m2r Education and their tutors.'
